As we step into 2026, we are filled with excitement and gratitude as we celebrate a significant milestone: **the 20th anniversary of Aciento**. This year will not only mark two decades of our journey but also the remarkable achievements we've made together with our dedicated team.

Founded in 2006 by Carine, Aciento has evolved into a dynamic company with an expanding presence. Over the years, we have grown our sales team across France, Italy, Greece, Spain, Switzerland and Japan, and forged a valuable partnership with Brinker Carpets for the Dutch market. Our office team has also seen growth with the addition of Nancy in sales administration, Rutger in logistics, and the leadership of Alexander and Lisa, who are stepping up to carry on Carine's legacy.

2026 is shaping up to be an important year for us. We are proud to introduce our entirely new design collection, **RÉVERIES**, created in collaboration with the talented designer, **Sofie Neiryck**.

Each piece in this collection has become a work of art, meticulously crafted in partnership with our manufacturers in India and Belgium.

Join us in celebrating this special year as we look forward to sharing our passion for design and quality with you through these catalogues.

Together, let's create beautiful spaces that inspire and captivate.

Carine, Alexander, Lisa, Nancy and Rutger

Augmented Reality

Visualize your rug with Augmented Reality and integrate it in your interior

With your smartphone or tablet:

- Scan the QR code on your sample or on the desired page of your catalogue
- Take a picture of the area where you want to visualize or upload a photo of your interior
- Choose the color and the dimensions of your rug

On the Acseno webshop:

- Choose a rug and click on the HOME VISUALIZER button
- Upload a photo of your interior or choose an existing setting
- Click on the location where you would like to place the rug, then choose the color and dimensions of your rug

Powering a sustainable future

a We are proud to offer a range of products made from recycled materials and items that are entirely biodegradable. These eco-friendly options help **reduce waste** and **promote sustainability**. You can easily spot them in our catalog by looking for the  icon, making it simple to choose environmentally responsible products.

a Our **PANAREA collection** features rugs crafted from high-quality New Zealand wool leftovers, sorted by colour into different categories. Each rug is **unique** in its own way, while still maintaining a consistent look with others in the same colour group. Discover this one-of-a-kind, eco-friendly design on page 74 of our catalog.

a We have the majority of our rugs **woven locally**, helping to significantly reduce our ecological footprint. By choosing local production, we **minimize transportation**, ensuring a **lower environmental impact**.

a The wool used in our **CHIARA rugs** is completely natural, with no chemicals used. The color you see is the **natural color of the sheep's wool**. Additionally, the viscose in these rugs is made from **recycled** wood fibers, ensuring an **eco-friendly and sustainable product**.
