creative connections

Born from the inspiration of understated luxury, this collection seamlessly integrates soft and tactile textures.

In the realm of design, where sustainability meets creativity, Creative Connections captivates four distinct styles. A testament to our commitment to sustainable innovation. The first of four styles Interlaced is available in 12 neutrals and 12 colours. The second of four styles Understated is available in 12 colourways. The third of four styles, Interwoven, is available in 16 colourways.

This is a 4 style collection with **Interlaced** being the first and **Understated** being a second style and **Interwoven** being the third style within the collection.

**"Ordinary is not in
our vocabulary."**

Interlaced

Inspired by crafting, layering and quiet luxury, **Interlaced** has a strong directional quality. The design offers harmony and balance in the smoky layers evoking a mineral veil.

Patterns reveal themselves in mysterious, reflective waves.

Interlaced style created to subtly
transform space. Create workspace
balance through 45-degree organic
flow of marbling eerie auras.

Understated

The ultimate quiet luxury style.

Understated offers a sophisticated appearance with an element of fun and surprise with flecks of colour that are subtle in its depiction.

Superior texture and elegance are elevated by the four different bases and combinations of accent colours which pair with Interlaced.

Inspired by Devoré: Whispered Layers of Colour and Texture

Understated style is all about the flecks of colour and the texture created that are revealed in mysterious ways. Accent colours in varying depths of shade enhance the elegance of these colour combinations.

A technique of delicate contrast, where fabric is transformed to reveal semi-transparent patterns against a richly woven backdrop. A fusion of artistry and quiet luxury.

“Where woven threads
meet, stories begin.”

INTERWOVEN ● IN MELLOW

INTERWOVEN ● IN CHARCOAL

Interwoven

A return to our roots through texture. **Interwoven** draws from the comforting familiarity, cosiness and traditional craftsmanship. Knit, weave, felt – reinterpreted through a modern, linear flow. Pattern and texture align to create a soft optical illusion, elevated by dimensional softness and hyper-tactile visual.

Layered weave shapes a sense of depth and comfort, reconnection texture with meaning. Warmth and versatility, designed to pair with Interlaced and Understated.

A Modern Tapestry

Interwoven style draws on the traditions of handcraft, from knitting to embroidery – reimagining the art of making into a modern expression of softness and structure.

Linear patterns flow with intention, mimicking the rhythm of woven threads and the quiet complexity of textile techniques.

Updated Warm Tangerine palette introduces a calmer, earthier expression while maintaining its soft, warm and dusty foundation. A blend of understated elegance – a harmonious balance of warmth. Designed to evoke a sense of natural sophistication, it offers a versatile canvas for any interior space.

INTERWOVEN ● IN MINERAL GREY

Mineral Calm Palette

Grounded serenity in deep, cool colourways. Anchored by mineral grey hues, this palette introduces a quiet sophistication through its blend of blue, green, and grey. A subtle shift away from warmth toward a more mineral-inspired depth creating contrast. An atmospheric palette designed to bring a sense of stillness and introspection.

LRV & L*: Light Reflectance Values

LRV is a measurement that indicates how much light a surface reflects and how much it absorbs.

Understanding the Light Reflectance Values of surfaces enables interior lighting levels to be optimised and colours to be contrasted.

Designers can use the L* value for determining lighting levels or the LRV (Y) value to compare the carpet tile colours to edgings and other surface finishes. Other style LRV's can be found on the Shaw Contract website.

INTERLACED ● IN SLATE BLUE

People Together, Planet Forever is our **promise**.
Neutral is not enough is our **call to action**.

We are one planet. We cannot afford to be neutral. We must make changes and take action together. *Together, we are Design Optimists.*

MATERIAL HEALTH

Together, we design and manufacture products to optimise human environments.

Cradle to Cradle Certified®

Our products are verified as being safe, circular and responsibly made. Over 90% of products are Cradle to Cradle Certified®.

Indoor Air Quality

People spend 90% of their time indoors, making these environments critical to our wellbeing. These products are GREENGUARD Certified, meeting the California Department of Public Health (CDPH) indoor air quality standards for low-emitting products.

Product Transparency

Creative Connections collections have a Health Product Disclosure (HPD), which is a transparent disclosure of product content and associated health information.

CARBON IMPACT

Together, we are a positive force in the global effort to collectively fight climate change.

Carbon Neutral Manufacturing

Our manufacturing facility in Scotland runs entirely on electricity from renewable sources.

Low Embodied Carbon

EcoSolution Q100™ is a high-performance nylon fibre made from 100% recycled content. Flooring products like EcoWorx® and EcoWorx S®, made with EcoSolution Q100™ fibre, reduce carbon impact by 42% compared to traditional carpet tiles.

CIRCULAR ECONOMY

Together, we practice a closed-loop approach to sustainability.

re[TURN]®

We Want it Back

At the end of its useful life, we will reclaim and recycle EcoWorx®, EcoWorx S® and EcoWorx™ Resilient styles to make more EcoWorx products. Since 2006, we have reclaimed and recycled nearly 500 million kilograms of post-consumer flooring, reducing landfill waste.

DIVERSITY, EQUITY & INCLUSION

Together, we nurture an environment where every voice and perspective can be heard, with equal value placed on seen and unseen experiences.
